

TRV60B

Volume controller with by-pass function, 60 W.

TRV60B - Volume attenuator with 5 positions for 100V lines for flush mounting. 60W transformer - Box ref 503 for flush mounting. 24 Vdc relay bypass.

Order code: PA TRV60B

TECNICAL SPECS

Type	Volume controller with 24Vdc by-pass relay
Output voltage	100V
Dimensions (W x H x D)	Rectangular, for box ref 503
Notes	Max power: 60W Controls: 5 positions
